

SUGGESTED SOLUTION FOR COMBO CLASSES

	Life	Earth	Physical	Technology
Kindergarten	Trees			
First Grade	Organisms	Pebbles, Sand and Silt	Balls and Ramps	
Second Grade	Life Cycle of Butterfly		*Force and Motion	
Third Grade		*Solar System	Chemical Tests	
Fourth Grade	*Food Chains and Webs		Motion and Design	Ideas and Inventions
Fifth Grade	Ecosystems		Floating and Sinking	Levers and Pulleys

- Suggested to fill gaps present in combo classes. These kits are not in our present inventory.
- Kits may be moved up or down a grade band to accommodate the appropriate grouping (e.g. 1-2 or 2-3, second grade kits would go to either class).
- All fifth grade kits would be used for a 5/6 combination
